

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

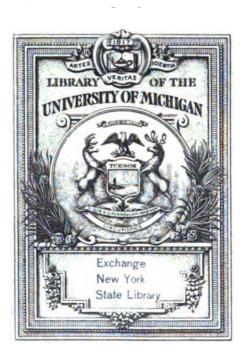

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Table XI gives a complete list of Assessment Life and Accident Insurance Associations, Fraternal Orders or Societies and Live Stock Insurance Companies authorized to transact business in this State for the year ending December 31, 1920, with their location and officers.

INFANTILE INSURANCE

Section 231 of the Insurance Law as amended by chapter 165 of the Laws of 1918 provides that any fraternal benefit society authorized to write business in New York qualifying under the provisions of said act may establish an infantile branch or department under which a child between the ages of two and eighteen for whose support and maintenance a member of such society is responsible may be insured, such societies to make an entirely separate financial statement covering such branch or department and the funds and business of the infantile branch to be kept

absolutely distinct and separate from those of the general or adult department of the society. Of the sixty-nine fraternal associations reporting to this department for the year 1920, eleven made infantile branch returns. The following are the aggregate figures as of December 31, 1920, of the eleven associations referred to: Assets, \$257,487; liabilities, \$66,196; income, \$388,482; disbursements, \$216,451; total insurance in force, \$11,212,130; insurance in force in New York State, \$279,399. SUPREME COUNCIL OF THE CATHOLIC MUTUAL BENEFIT ASSOCIATION*

(In Liquidation)

The Supreme Council of the Catholic Mutual Benefit Association was incorporated on the 9th day of June, 1879, under chapter 496 of the Laws of 1879 of the State of New York entitled: "An act to incorporate the Supreme Council of the Catholic Mutual Benefit Association" duly enacted the 9th day of June, 1879, and thereafter amended by chapter 104 of the Laws

the 9th day of June, 1879, and thereafter amended by chapter 104 of the Laws of 1898 and the amendments thereto. The principal office of the association was at Hornell, Steuben County, N. Y.

On May 11, 1920, an order was made at Monroe County Special Term of the Supreme Court at Rochester, N. Y., and entered in the office of the Clerk of the County of Steuben on the same day, directing the Superintendent of Insurance of the State of New York forthwith to take possession of the property and liquidate the business of the Supreme Council, its grand councils and subordinate branches, under and pursuant to the provisions of section 63 of the Insurance Law of the State of New York. The order of the court further provided that all outstanding certificates, contracts and obligations of the Supreme Council, its grand councils and subordinate branches should expire, cease and terminate and that the rights and liabilities branches should expire, cease and terminate and that the rights and liabilities of the Supreme Council, its grand councils and subordinate branches, creditors, certificate holders, members and all other persons interested in the assets thereof be fixed and determined as of midnight standard time at Hornell, Steuben County, N. Y., between the 15th and 16th days of May, 1920. Immediately upon the entry of the order of the court the liquidator made a contract with the American Insurance Union of Columbus, Ohio, whereby the American Insurance Union became obligated to accept as beneficial members and to insure and to continue without medical, physical or other examination the insurance of every beneficial member of the Supreme Council, its grand councils and subordinate branches from the time their insurance with the Supreme Council ceased as provided in the liquidation order, until June 1, 1920, and thereafter the American Insurance Union was obligated to continue the insurance of every beneficial member who accepted the contract and who agreed to pay and to continue to pay assessments upon the table of rates set forth in the contract. A copy of the contract together with a formal liquidation notice was sent by the liquidator to all members of the association. This procedure gave the members fifteen days in which to receive notice and to determine whether they desired to accept the contract made by the liquidator for their benefit and continue their insurance with the American Insurance Union or seek protection elsewhere. During this period of transition the members were protected by insurance in the American Insurance Union which had agreed to insure all members for such a period. A majority of the members accepted the contract and continued their insurance with the American Insurance Union upon the adequate rates provided in the contract. The Supreme Council had collected inadequate rates throughout its existence. In addition to the benefits given to living members the contract provided that for twelve months from the effective date of the contract the American Insurance Union would

pay to the liquidator, for the business of the Supreme Council, 30 per centum of the amount received from the members who accepted the contract over and above the death losses and expenses. From this source the liquidator received for the first nine months of the contract year \$50,766.30. This amount together with any further sums received for the remainder of the contract year will be distributed to beneficiaries of deceased members.

Before the close of the year a report was made by the liquidator which was later filed with the Clerk of Steuben County in which it was recom-

mended that a dividend of 40 per cent. be paid to beneficiaries of deceased

members and creditors of the association.
